REQUEST #1 – An Email From: Edwards, John 

Sent: **Wednesday, November 30, 2016 9:03 AM**

To: Pearce, Mark G. <Mark.Pearce@nlrb.gov>; Miscimarra, Philip A. <Philip.Miscimarra@nlrb.gov>; **McFerran, Lauren <Lauren.McFerran@nlrb.gov>**; Griffin, Richard F. <Richard.Griffin@nlrb.gov>

Subject: **Request for Help** 

Good morning. My apologies for the intrusion but **I have nowhere else to turn**. I am your ACIO for Mission Systems which includes NxGen, JCMS and FTS, along with all your scanners and the reporting data warehouse. I joined the NLRB in April 2016 and have quietly done my very best to analyze, stabilize and improve your systems at a lower cost and have produced significant results in a very short time. I supervise 5 bargaining unit employees, and 4 GS14's along with about 10-12 contractors at this time and have made great strides to improving both productivity and morale.

There is a very severe management issue that is spiraling out of control in the OCIO that I feel requires very senior leadership intervention to resolve to protect the reputation of the NLRB and everyone involved. I respectfully request your assistance in resolving the matter internally and appropriately.

I think the attached communications explain the current situation well, which is deteriorating quickly into a hostile work environment for me and making me ill. I beg you to please ask my supervisor Eric Marks and the OCIO Prem Aburvasamy to halt their active retaliation of me until a proper independent investigation into the totality and validity of all the complaints involved can be done.

REQUEST #2 – The OIG-I-530 Report Dated January 3, 2017

Direct evidence contained in this FOIA proves beyond a reasonable doubt that the OIG-I-530 investigation was HATCHED by the NLRB Inspector General David Berry and CIO Prem Aburvasamy LESS THAN 24 HOURS AFTER THE WHISTLEBLOWER SENT HIS EMAIL COMPLAINT TO THE ENTIRE LABOR BOARD ABOUT MALFEASANCE BY THEIR CIO AND HIS DEPUTY.

DIRECT EVIDENCE IN THIS FOIA PROVES BEYOND A REASONABLE DOUBT THAT JOHN STUART EDWARDS' REPORTED WASTE, FRAUD AND ABUSE IN ACCORDANCE WITH THE LAW.

THE DIRECT EVIDENCE ALSO PROVES THE RETALTION HAS NEVER STOPPED AND HAS CONTINUED TO THIS DAY, thereby creating a clear nexus between the OIG-I-530 report and the retaliation still being carried out today.

On December 1, 2016, just one calendar day after THE EMAIL CONTAINED IN REQUEST #1 above, the Inspector General (“IG”) of the National Labor Relations Board DAVID BERRY LAUNCHED A BOGUS INVESTIATION AGAINST THE WHISTLEBLOWER [John Stuart Edwards] in order to defame Mr. Edwards' character, harm Mr. Edwards' reputation, and diminish Mr. Edwards' credibility as an expert in federal information technology acquisition and management TO CONCEAL CRIMES COMMITTED BY NLRB'S LONG TENURED GOVERNMENT BUREACRATS.

Prem Aburvasamy, the NLRB Chief Information Officer and his deputy Eric Marks and NLRB attorney Elizabeth Bach and Hari Sharm and Ying Xing ALL made malicious and materially false, fictitious, or fraudulent statements in an investigation to retaliate against Mr. Edwards; committed prohibited personnel practices to retaliate against Mr. Edwards; tampered with and withheld exculpatory evidence from the record that exonerates Mr. Edwards; denied Mr. Edwards' due process rights under the U.S. Constitution; and illegally controlled and influenced the decision process to carry out adverse employment actions against Mr. Edwards for making protected whistleblower complaints.

THESE DOCUMENTED FACTS ALONG WITH THE **OIG-I-530** REPORT FINDINGS SHOW A CLEAR NEXUS BETWEEN THE WHISTLEBLOWER COMPLAINT ON NOVEMBER 30, 2019; ALL NLRB BOARD MEMBERS DIRECT KNOWLEDGE OF THE WHISTLEBLOWER'S COMPLAINT INCLUDING NLRB ATTORNEY LAUREN MCFERRAN, AND THE “ACTIVE RETALIATION” CARRIED OUT BY PREM ABURVASAMY, ERIC MARKS, DAVID BERRY, ELIZABETH BACH, ROXANNE ROTHSCHILD AND SYNTA

NLRB-2020-000278- Submitted Sunday December 15, 2019

KEELING THAT CONTINUES TODAY. THEY WERE ALL INVOLVED IN WHISTLBLOWER RETALIATION FROM THE START, INCLUDING CURRENT BOARD MEMBER

LAUREN MCFERRAN. The DIRECT EVIDENCE also proves that no investigation by the Inspector General was ever initiated into the Whistleblower's November 30, 2016 complaint before he was fired.

According to the NLRB Office of Inspector General's Own Semiannual Report for October 1, 2016 – March 31, 2017,

"We investigated an allegation that a GS-15 level employee [EDWARDS] threatened to take certain personnel actions against employees without just cause. **We did not substantiate the allegation...** After the OIG investigation was closed, management determined it was necessary to remove the employee for conduct **that WAS NOT the subject of the OIG investigation.**"

John Stuart Edwards was investigated BY THE PEOPLE HE BLEW THE WHISTLE ON because of allegations they made up and the direct evidence in this FOIA proves it.

Beginning with the bogus investigation by the NLRB Inspector General David Berry in 2016, the Whistleblower has been attacked again, and again, and again; and again continuously long after THE WHISTLEBLOWER NO LONGER WORKED FOR THE GOVERNMENT!

REQUEST #3 - Notice of Proposed Removal Dated February 7, 2017

According to the official evidentiary statements by Deputy Chief Information Officer Eric Marks in his Notice of Proposed Removal Dated February 7, 2017, "On December 1, 2016, [just one calendar day after THE EMAIL IN REQUEST #1 above] the Inspector General ("IG") of the National Labor Relations Board informed CIO [Prem] Aburvasamy that he was undertaking an investigation [SEE THE OIG I-530 Report REQUEST #2 above] **initiated by a report to the IG's Office that you [John Stuart Edwards] had threatened your subordinate employees [Hari Sharma & Ying Xing].**" The fix was in, and for this "lack of candor" Eric Marks was rewarded with lifetime employment by the U.S. federal government at taxpayer expense. Eric Marks FALSLEY accused Edwards of committing the exact same acts that he was committing. The evidence proves the wrong person was investigated and fired.

NLRB-2020-000278- Submitted Sunday December 15, 2019

NOTE FOR READERS: Now go back and read the email in Request #1 again. One day prior to being investigated for making threats, John Stuart Edwards sent an email TO THE ENTIRE NLRB BOARD and said, "I think... the current situation... is deteriorating quickly into a **hostile work environment** for me and making me ill. I beg you to please ask my supervisor Eric Marks and the OCIO Prem Aburvasamy to halt their active retaliation of me until a proper independent investigation into the totality and validity of all the complaints involved can be done."

Eric Marks' abundance of a "lack of candor" in his Notice of Proposed Removal took lying and deceit and corruption in the government to a whole new level when he wrote, "On January 3, 2017, the IG produced a written Report of Investigation, **Report No. OIG-I-530 that included his findings and accompanying sworn affidavits from subordinates**, as well as your own sworn affidavit. **The IG concluded there was a need for appropriate high-level management action based on evidence of inappropriate management actions by you, as well as a potential hostile work environment within OCIO,**" a lie that continues to be covered-up by the current NLRB Chairman today.

For making protected whistleblower disclosures and complaints at the NLRB, Mr. Edwards was escorted from his office located on the third floor at 1015 Half St SE, in Washington, D.C. on February 7, 2019, by an armed uniformed security guard like a criminal in full view of the NLRB organization's senior leaders and junior staff who had gathered in the hallway in advance of Mr. Edwards' departure to watch him be shamefully escorted out of the building. This public display was cruelly carried out to defame Mr. Edwards' character, harm Mr. Edwards' reputation, and diminish Mr. Edwards' credibility as an expert in federal information technology acquisition and management.

REQUEST #4 - WRITTEN REPLY TO THE PROPOSAL FOR REMOVAL FROM FEDERAL SERVICE dated February 7, 2017 for the Deciding Official Prem Aburvasamy, Chief Information Officer, National Labor Relations Board (NLRB) Delivered on Tuesday, February 21, 2017

"Based on... the evidence in the IG's report... [SEE THE OIG I-530 Report REQUEST #2 above] there is a preponderance of evidence that at no time has [Edwards] conduct been anathema to the efficient functioning of the federal service. At no time has [Edwards] conduct been unbecoming to a federal supervisor by detracting from the reputation of the federal service. At no time has [Edwards]

conduct had any impact whatsoever on the efficient functioning of the federal service. At no time has Eric Marks ever spoken with [Edwards] about the efficient function of the federal service” prior to terminating his employment.

REQUEST #5 - SUPPLEMENTAL REPLY TO THE PROPOSAL FOR REMOVAL FROM FEDERAL SERVICE dated February 7, 2017

REQUESTED BY The Deciding Official Prem Aburvasamy, Chief Information Officer, National Labor Relations Board (NLRB) On March 7, 2017 and Delivered on Monday, March 27, 2017.

“Senior U.S. government officials at this small federal agency have publicly committed malfeasance without any fear whatsoever of being caught. These officials have publicly broken the law. This is not just an evidentiary statement. It is a fact.”

REQUEST #6 - Decision on Notice of Proposed Removal dated April 4, 2017.

On April 4, 2017, John Stuart Edwards received an email from Prem Aburvasamy stating that he was fired effective immediately.
